## Volunteering with The Junction Co.

The Junction Co. commenced as a creative enterprise collaboration specializing in place activation and learning experiences. Since its inception, the Junction has evolved into a well-established not-for-profit organisation with a clear vision to inspire and empower Pilbara based artisans and creatives.

Our mission is to advocate and connect regional creatives with workspace, learning opportunities and networks, to uplift their endeavors and create an environment which both local community and creatives can support each other.

We are an inclusive community of makers, artists, supporters of creative activities, made up of people just like you! We welcome volunteers who share in our vision and mission, and want to actively contribute to our programs.
