The Junction Co. are seeking expressions of interest to be a Member of The Junction Co. governance team, and join in leading the organisation into it's next phase of growth. Our current Members are representatives from across the Pilbara, and seek to produce the highest potential for innovative and progressive results.

Founded in 2018, The Junction Co. commenced as a creative enterprise collaboration specialising in place activation and learning experiences. Since it's inception, the Junction has evolved into a well-established not-for-profit organisation with a clear vision to engage, grow and empower regional creatives.

We advocate and connect regional creatives with workspace, learning opportunities and networks, to uplift their endeavours and create an environment which both local community and creatives can support each other.
